III. RFI Purpose and Process

The purpose of this RFI is as stated in Section I above. The County intends to initially select, and consistently maintain, at least (5) active vendors to serve as a qualified bidding group for collection and proper disposal of roadside litter within Lake County on an on-call basis. The initial selection of vendors will be based on County evaluation of the following factors:

- a. Range of stated and evidenced capabilities
- b. Type and range of similar related public sector experience
- c. Past performance record and regulatory compliance
- d. Proximity to potential work sites

It is specifically noted that evaluation factor "a" above is considered the highest priority evaluation factor as the County intends to award to firms that state, and show evidence of, successful performance of all or a high proportion of the various tasks listed in this RFI. Attachment A describes the basic technical qualifying input that must be provided by any responding vendor to be considered for inclusion in the qualified bidding group. Vendors may provide additional qualifying information within Attachment A.

Attachment B is the draft of the general Agreement that each selected vendor will be required to execute in order to be included in the qualified bidding group. Vendors are advised that tasks are to be completed in an expeditious manner. Quotes on specific efforts may be

required within a 24 hour time frame, or less, depending upon circumstances and hazards associated with the collection effort. In a safety-related situation, vendors may be requested to provide a quote in response to electronically transmitted photographs of the materials to be collected and disposed. In a true emergency situation involving immediate risk to health and safety, the County reserves the right to proceed on a direct order basis.
